

MASTER SERVICES AGREEMENT BETWEEN ARCHITECT AND CONSULTANT

EXHIBIT B: STATEMENT OF WORK (“SOW”) NO. 1

PROJECT #: 20417.0000

PROJECT NAME: SINTON ISD HIGH SCHOOL

PROJECT LOCATION: SINTON, TX

ARCHITECT’S DESIGNATED REPRESENTATIVE: SYLVIA CANCINO

1. CONSULTANT’S SERVICES:

Consultant’s Designated Representative: Rene Garza

Scope of Work: Consultant to provide Specialty Design and Consulting services for the Sinton ISD New High School Replacement and New Field House; Consultants scope will include the following design areas:

REPLACEMENT HIGH SCHOOL

- Library - Room Acoustics, Sound Isolation, HVAC Noise Control and AV Systems
- Auditorium and adjacencies (Lobby, Concessions, ticket booth, dressing rooms, etc.) – Room Acoustics, Sound Isolation, HVAC Noise Control, Theatre Consulting, Performance Lighting and Rigging Systems, Sound and AV Systems
- Black Box Theatre - Room Acoustics, Sound Isolation, HVAC Noise Control, Theatre Consulting, Performance Lighting and Rigging Systems, Sound and AV Systems
- Music Rehearsal Rooms (Band, Choir & Percussion) - Room Acoustics, Sound Isolation, HVAC Noise Control and Sound Playback/Recording and AV Systems
- Ensemble Room – Room Acoustics, HVAC Noise Control and Sound Isolation, Sound and AV Systems
- Practice Rooms –HVAC Noise Control
- Main Entry/Atrium/Main Corridors – Room Acoustics
- Campus-Wide Acoustics for Mechanical Rooms - Sound Isolation (to adjoining noise sensitive spaces)

SCOPE OF SERVICES:

SCHEMATIC DESIGN PHASES (SD)

- Meet with the Owner and Architect to develop an understanding of the design requirements (electronic systems and acoustics/noise control) which are unique to this project.
- Review the District’s existing Technical Design Guides/Ed Specs for incorporation into the system designs, where appropriate.
- Develop a written report/narrative for each technical system and building area (for which we are responsible) that outlines the design options selected by the Owner and the Architect.
- Develop pre-design opinions of probable cost will be included in the report.
- Provide advisory sketches, details and concept drawings for architectural use in the development of renderings and layouts
- Review and discuss the impact of the essential functional and infrastructure requirements for the facility with the design team.
- Participate in any follow-up meetings with the Stakeholders, virtually if necessary, to present design options and review early probable costs.

DESIGN DEVELOPMENT PHASE (DD)

- Once the technical systems program and budgets have been approved by the Owner and Architect, Consultant will develop the DD level documentation to include:
- Drawings showing the location of major equipment items and conduit/raceway requirements.
- Generation of outline specifications.
- Develop an updated opinion of probable cost based on options selected by the Owner.
- Acoustical and noise control analysis—review and recommendations will be performed in conjunction with Architect and the MEP engineer for inclusion in their DD documents.
- Coordinate the architectural, structural, and MEP infrastructure requirements for the technical systems with the appropriate Design Team members.
- DD level documentation for electronic systems layouts and performance level specifications sufficient to indicate design intent and scope for preliminary cost estimates by competent contractors.
- Participate in the review of the design development pricing estimates and provide comments, where necessary.

CONSTRUCTION DOCUMENT PHASE (CD)

- Proceed with determining the building requirements to implement the technical systems.
- Provide input to the design team on initial power and heat load requirements, typical device locations on floor and ceiling plans, preliminary layouts in equipment rooms and conduit distribution requirements for each of the technical systems for which we have been given responsibility.

- Acoustical and noise control analysis, review and recommendations will be performed in conjunction with Architect and the MEP engineer for inclusion in their CD documents.
- Coordinate the architectural, structural, and MEP infrastructure requirements for the technical systems with the appropriate Design Team members.
- Perform in-house QA/QC reviews for each technical system under our scope of work.
- Provide written responses to all architect or client generated QA/QC comments within seven (7) calendar days (excluding holidays).
- Work to develop final construction documents for each of the systems for which we have been given responsibility.

BID AND CONTRACT AWARD PHASE (BID)

- Respond to bid questions, RFI's, etc.
- Issue changes/clarification to the construction documents and specifications in the form of addenda. Addenda shall include any required revisions to the construction documents and responses to contractor questions.
- Participate in the pre-bid conference, as needed.
- Review bids/proposals received for our design scope and provide an analysis based on compliance with the bid documents, specialty contractor qualifications and value.

CONSTRUCTION ADMINISTRATION (CA)

- Construction Administration begins with review of submittals.
- Assist in the review of substitutions, proposed changes, change orders, contractor's schedules and reports regarding work related to the systems for which we are responsible.
- Perform interim CA site visits, as necessary, and issue a written field report for distribution by the Architect.
- For acoustics, submittals and RFI's will not be approved or disapproved, rather a description of those items requiring action or a recommendation regarding technical qualification or action from an acoustical perspective will be provided
- Within five (5) business days, respond to RFI's as it relates to the systems for which we are responsible.
- Within seven (7) business days, perform submittal review and approval of the successful contractor(s) one time for each discipline for which we are responsible.
- Participate in Substantial Completion and Final Completion inspections and provide a supplementing contractor's punch-lists.

SCOPE OF EFFORTS

Consultant will provide consultative recommendations and technical systems designs based on the acoustical and technical program approved by the Owner. Scope of services:

ARCHITECTURAL ACOUSTICS

- Set acoustical criteria; make recommendations for acoustical finishes, their placement, and amounts.
- Assist with room shaping - walls and ceiling - including volume requirements.
- Assist in the location of acoustically absorptive, reflective and diffusive finishes.
- Coordinate finishes and integrate with the architectural design.
- Provide recommendations to create the appropriate acoustical environment and do so in a way which is durable, aesthetically pleasing and appropriate to the architectural design.
- Evaluate and recommend for room geometry and make recommendations to control echoes and improper focusing of sound.
- Calculate desired reverberation times (T60) and design to meet the established criteria.
- Review common corridors and provide recommendations for their construction including types and extent of surface finish materials for appropriate acoustical conditions.

ARCHITECTURAL NOISE CONTROL (SOUND ISOLATION)

- Identify critical areas within the architectural program of spaces where good sound isolation is required.
- Set Sound Transmission Class (STC) criteria for sound transmission in and out of the spaces, horizontally and vertically, as appropriate.
- Review the adjacent spaces for which potential sound isolation conflicts might occur and make architectural recommendations to help control the transfer of objectionable sound between these areas.
- Provide recommendations for the design, specification, and construction of partitions, doors, windows, and other sound isolating elements to meet the expectations of noise control within the spaces identified in the Scope of Services.

MECHANICAL SYSTEM NOISE CONTROL

- Review the HVAC design to ensure compliance with reasonably quiet and appropriate HVAC noise criteria.
- Work with the mechanical engineer to reduce it to the specified level if excessive noise levels are found in our analysis.
- Assign HVAC noise criterion (NC) values to the indoor, noise sensitive spaces.
- Analyze HVAC equipment, ducting and fittings serving those spaces using ASHRAE based procedures, to ensure compliance with reasonably quiet and appropriate HVAC noise criteria.

- Coordinate with the Mechanical Engineer and ensure that duct work within the stage house does not encroach on the volume of space reserved for future moving equipment [flown scenery, drapes, and lights], but still is able to deliver and remove the conditioned air within the stage house.
- Review mechanical, electrical and plumbing equipment, pump rooms and elevator machine equipment rooms and provide noise isolation recommendations for partition construction to help avoid exceeding reasonable noise criteria in adjacent spaces.
- Provide vibration control recommendations for mechanical and electrical equipment only.

ACOUSTICAL DELIVERABLES

- WJHW will provide verbal and written recommendations, as appropriate, with detail drawings in sketch form and manufacturer's cut sheets for use by the design team in developing working drawings.
- WJHW will review documents prepared by others at major milestones throughout the project to ensure the acoustical recommendations are included and meet design intent.
- A written report will be provided at these design review milestones indicating areas requiring additional attention as well as updates for products, details, and other items needed to complete.

SOUND, AV & INTERCOMMUNICATION SYSTEMS

- Design sound, AV and intercommunications systems as part of the project.
- Provide conduit distribution requirements for each of the technical systems for which we have been given responsibility.
- Provide functional one-line drawings for the technical systems showing interconnection of equipment.
- Coordinate locations of controls for the systems with the Owner and appropriate members of the design team, depending on available space and user requirements.
- Provide infrastructure, power and HVAC requirements for each of the systems listed in this section.
- Work with the Owner and Architect for the integration of the required system components into the architectural design and coordinate them with the interior design.
- Prepare construction documents defining the equipment and installation techniques to be employed in the installation of the sound systems, which will be integrated into the general construction bid package.

THEATRE PLANNING/CONSULTING

- Assist in the development of the auditorium and facility planning including performance spaces.
- Review and recommend front-of-house traffic patterns, box office requirements, public restrooms, and other audience amenities.
- Provide recommendations on issues concerning the design of the auditorium spaces as they relate to performance and operational requirements.
- Provide assistance in the development of control rooms, catwalk locations, stage house configuration, orchestra pit development, stage rigging support infrastructure, and other facility production requirements.
- Coordinate theatre requirements with the project engineering consultants, including the location and routing of building systems, such as HVAC, plumbing, fire protection, and electrical.
- Prepare advisory details as required to illustrate specific architectural requirements, such as control rooms, catwalks, stage floor, dressing rooms and makeup rooms. Architect shall be responsible for reviewing and integrating these details into the construction documents.

LIGHTING AND CONTROLS SYSTEMS DESIGN

- Design a lighting control system for the performance spaces including stage, house and work light systems.
- Coordinate load (power and heat) requirements with the MEP Engineer.
- Provide distribution circuit and low voltage control network diagrams.
- Develop theatrical lighting fixture schedule.
- Prepare construction documents defining the equipment and installation techniques to be employed in the installation of the performance lighting systems, which will be integrated into the general construction bid package.

RIGGING SYSTEMS, DRAPERY, AND STAGE EQUIPMENT DESIGN

- Design stage rigging, drapery and stage equipment systems for the performance spaces.
- Develop the primary rigging equipment to support theatrical lighting equipment, stage draperies and the overhead components that provides the technical staff with the greatest flexibility for adjusting the lighting and stage draperies.
- Coordinate, and provide drawings and specifications for a portable orchestra pit-filler platform or orchestra shell system, as needed.
- Work in close coordination with the Structural Engineer and Architect to verify all associated structure and for access and service of the rigging system when necessary.
- Prepare construction documents defining the equipment and installation techniques to be employed in the installation of the rigging systems, which will be integrated into the general construction bid package.

2. FEES AND EXPENSES: Consultant fee basis to be a fixed fee of \$158,000.00.

*There are no reimbursables, with the exception of the final printing of 100% CD's for bidding.

Schematic Design:	15%
Design Development:	20%
Construction Documents	30%
Bidding/Permitting	5%
Construction Administration	30%

3. SCHEDULE FOR COMMENCEMENT / MILESTONES / COMPLETION OF PROFESSIONAL SERVICES:

Schematic Design Phase	January 1 – March 31, 2021
Consultant Kick-off Meeting	02/12/2021
50% SD Design Package Deadline	02/24/2021
100% SD Design Package Deadline	03/30/2021
Design Development Phase	April 1 – June 30, 2021
50% DD Design Package Deadline	04/29/2021
100% DD Design Package Deadline	05/27/2021
Construction Document Phase	July 1 – September 30, 2021
50% CD Design Package Deadline	07/22/2021
100% CD QA/QC Package Deadline	09/06/2021
Bluebeam Mark-up Session Deadline	09/20/2021
100% CD Issued for Bidding Set Deadline	09/27/2021
Bidding/Procurement Phase	October 4 – November 2, 2021
100% Issued for Construction Set Deadline	11/18/2021 (incorporates all addenda and cost saving items)
Construction Administration Phase	January 1, 2022 – June 30, 2024

4. OTHER TERMS AND CONDITIONS: N/A

5. ATTACHMENTS:

SOW Attachment 1: Prime Agreement between Owner and Architect

Upon execution of this SOW by authorized representatives of Architect and Consultant, this SOW is incorporated as a part of the Master Services Agreement between Architect and Consultant, dated February 6, 2019 ("MSA"). In the event of a conflict between the MSA and SOW terms and conditions, the terms and conditions contained in this SOW shall govern only if this SOW includes a clear and express modification of the MSA.

AIA® Document B101™ – 2017

Standard Form of Agreement Between Owner and Architect

AGREEMENT made as of the twenty-seven day of July in the year Twenty-Twenty.
(In words, indicate day, month and year.)

BETWEEN the Architect's client identified as the Owner:
(Name, legal status, address and other information)

Sinton Independent School District
322 S. Archer Street
Sinton, Texas 78387
Phone 361-364-6800
Fax 361-364-6905

and the Architect:
(Name, address and other information)

Corgan Associates, Inc.
111 Congress Avenue
Suite 850
Austin, Texas 78701
512-640-6000
512-640-6001

for the following Project:
(Name, location and detailed description)

District-Wide Bond Planning Services for 2020 Bond Election called by the District (collectively Pre-Bond Planning Services) as well as Architectural and Engineering Design Services and Construction Administration for associated 2020 Bond Projects as approved by the voters and other miscellaneous projects assigned by the District.

The Owner and Architect agree as follows.

ADDITIONS AND DELETIONS:

The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

TABLE OF ARTICLES

1	INITIAL INFORMATION
2	ARCHITECT'S RESPONSIBILITIES
3	SCOPE OF ARCHITECT'S BASIC SERVICES
4	SUPPLEMENTAL AND ADDITIONAL SERVICES
5	OWNER'S RESPONSIBILITIES
6	COST OF THE WORK
7	COPYRIGHTS AND LICENSES
8	CLAIMS AND DISPUTES
9	TERMINATION OR SUSPENSION
10	MISCELLANEOUS PROVISIONS
11	COMPENSATION
12	SPECIAL TERMS AND CONDITIONS
13	SCOPE OF THE AGREEMENT

ARTICLE 1 INITIAL INFORMATION

§ 1.1 This Agreement is based on the Initial Information set forth in this Section 1.1.

(For each item in this section, insert the information or a statement such as "not applicable" or "unknown at time of execution.")

§ 1.1.1 The Owner's program for the Project:

(Insert the Owner's program, identify documentation that establishes the Owner's program, or state the manner in which the program will be developed.)

Following completion of the Pre-Bond Planning Services provided by the Architect, this Agreement is intended to be the basis for a Contract for Architectural and Engineering Design Services and Construction Administration as set forth herein in connection with the successful 2020 Bond Program.

§ 1.1.2 The Project's physical characteristics:

(Identify or describe pertinent information about the Project's physical characteristics, such as size; location; dimensions; geotechnical reports; site boundaries; topographic surveys; traffic and utility studies; availability of public and private utilities and services; legal description of the site, etc.)

As approved in the 2020 Bond Program list of projects:

New Replacement High School & Ag Facility Improvements
Smith Middle School Facility Improvements & Security Upgrades
Welder Elementary School Facility Improvements & Security Upgrades
Sinton Elementary School Facility Improvements & Security Upgrades
New Extra-Curricular & Athletic Facilities at Sinton High School & Smith Middle School
New Multi-Purpose Center & Field House at Sinton High School

§ 1.1.3 The Owner's budget for the Cost of the Work, as defined in Section 6.1:

Init.

(Provide total and, if known, a line item breakdown.)

The amount approved in the 2020 Bond Program list of projects less the estimated compensation that will be paid to Architect.

§ 1.1.4 The Owner's anticipated design and construction milestone dates:

.1 Design phase milestone dates, if any:

To be determined by the Owner

.2 Construction commencement date:

To be determined by the Owner

.3 Substantial Completion date or dates:

To be determined by the Owner

.4 Other milestone dates:

To be determined by the Owner

§ 1.1.5 The Owner intends the following procurement and delivery method for the Project:

(Identify method such as competitive bid or negotiated contract, as well as any requirements for accelerated or fast-track design and construction, multiple bid packages, or phased construction.)

Construction Manager as Agent (CM Agency)

§ 1.1.6 The Owner's anticipated Sustainable Objective for the Project:

(Identify and describe the Owner's Sustainable Objective for the Project, if any.)

To be determined by the Owner

§ 1.1.6.1 If the Owner identifies a Sustainable Objective, the Owner and Architect shall complete and incorporate AIA Document E204™-2017, Sustainable Projects Exhibit, into this Agreement to define the terms, conditions and services related to the Owner's Sustainable Objective. If E204-2017 is incorporated into this agreement, the Owner and Architect shall incorporate the completed E204-2017 into the agreements with the consultants and contractors performing services or Work in any way associated with the Sustainable Objective.

§ 1.1.7 The Owner identifies the following representative in accordance with Section 5.3:

(List name, address, and other contact information.)

Dr. Chad Jones
Superintendent of Schools
Sinton Independent School District
322 S. Archer Street
Sinton, Texas 78387
Phone 361-364-6800
Fax 361-364-6905

§ 1.1.8 The persons or entities, in addition to the Owner's representative, who are required to review the Architect's submittals to the Owner are as follows:

(List name, address, and other contact information.)

Init.

To be determined by the Owner

§ 1.1.9 The Owner shall retain the following consultants and contractors:
(List name, legal status, address, and other contact information.)

.1 Geotechnical Engineer:

To be determined by the Owner

.2 Civil Engineer:

To be included as an Architect's Consultant

.3 Other, if any:

(List any other consultants and contractors retained by the Owner.)

Surveyor: To be determined by the Owner

§ 1.1.10 The Architect identifies the following representative in accordance with Section 2.3:
(List name, address, and other contact information.)

Ms. Sylvia Cancino, Associate Principal
111 Congress Avenue, Suite 850
Austin, Texas 78701
Phone: 512-640-6000
Fax: 512-640-6001

§ 1.1.11 The Architect shall retain the consultants identified in Sections 1.1.11.1 and 1.1.11.2:
(List name, legal status, address, and other contact information.)

§ 1.1.11.1 Consultants retained under Basic Services:

.1 Structural Engineer:

To be determined by Architect

.2 Mechanical Engineer:

DBR Engineering Consultants, Inc.
9601 McAllister Freeway
Suite 410
San Antonio, Texas 78216
Phone: 210-546-0200

.3 Electrical Engineer:

DBR Engineering Consultants, Inc.
9601 McAllister Freeway
Suite 410
San Antonio, Texas 78216
Phone: 210-546-0200

.4 Plumbing Engineer:

DBR Engineering Consultants, Inc.

Init.

9601 McAllister Freeway
Suite 410
San Antonio, Texas 78216
Phone: 210-546-0200

.5 Civil Engineer:

To be determined by Architect

.6 Security & Technology Engineer:

DBR Engineering Consultants, Inc.
9601 McAllister Freeway
Suite 410
San Antonio, Texas 78216
Phone: 210-546-0200

.7 Other, if any:

Food Service Consultant:
JMK Food Service Consulting
3431 Lakeview Parkway
Suite 250
Rowlett, Texas 75088
Phone: 214-227-2481

Roofing & Waterproofing:
ARMKO Industries, Inc.
1320 Spinks Road
Flower Mound, Texas 75028
Phone: 972-874-1388
Fax: 972-874-1391

§ 1.1.11.2 Consultants retained under Supplemental Services:

none

§ 1.1.12 Other Initial Information on which the Agreement is based:

none

§ 1.2 The Owner and Architect may rely on the Initial Information. Both parties, however, recognize that the Initial Information may materially change and, in that event, the Owner and the Architect shall appropriately adjust the Architect's services, schedule for the Architect's services, and the Architect's compensation. The Owner shall adjust the Owner's budget for the Cost of the Work and the Owner's anticipated design and construction milestones, as necessary, to accommodate material changes in the Initial Information.

§ 1.3 The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties will use AIA Document E203™-2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.3.1 Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™-2013, Building Information Modeling and Digital Data Exhibit, and the requisite

Init.

AIA Document G202™–2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

§ 2.1 The Architect shall provide professional services as set forth in this Agreement. The Architect represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

§ 2.2 The Architect shall perform its services consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

§ 2.3 The Architect shall identify a representative authorized to act on behalf of the Architect with respect to the Project.

§ 2.4 Except with the Owner's knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Architect's professional judgment with respect to this Project.

§ 2.5 The Architect shall maintain the following insurance until termination of this Agreement. If any of the requirements set forth below are in addition to the types and limits the Architect normally maintains, the Owner shall pay the Architect as set forth in Section 11.9.

§ 2.5.1 Commercial General Liability with policy limits of not less than Two Million (\$ 2,000,000) for each occurrence and Four Million (\$ 4,000,000) in the aggregate for bodily injury and property damage.

§ 2.5.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Architect with policy limits of not less than One Million (\$ 1,000,000) per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

§ 2.5.3 The Architect may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.5.1 and 2.5.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

§ 2.5.4 Workers' Compensation at One Million (\$1,000,000) (statutory limits).

§ 2.5.5 Employers' Liability with policy limits not less than One Million (\$ 1,000,000) each accident, One Million (\$ 1,000,000) each employee, and One Million (\$ 1,000,000) policy limit.

§ 2.5.6 Professional Liability covering negligent acts, errors and omissions in the performance of professional services with policy limits of not less than Five Million (\$ 5,000,000) per claim and Seven Million (\$ 7,000,000) in the aggregate with a Two Hundred Thousand (\$200,000) deductible.

§ 2.5.7 **Additional Insured Obligations.** To the fullest extent permitted by law, the Architect shall cause the primary and excess or umbrella policies for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Architect's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations.

§ 2.5.8 The Architect shall provide certificates of insurance to the Owner that evidence compliance with the requirements in this Section 2.5.

ARTICLE 3 SCOPE OF ARCHITECT'S BASIC SERVICES

§ 3.1 The Architect's Basic Services consist of those described in this Article 3 and include usual and customary structural, mechanical, and electrical engineering services. Services not set forth in this Article 3 are Supplemental or Additional Services.

§ 3.1.1 The Architect shall manage the Architect's services, research applicable design criteria, attend Project meetings, communicate with members of the Project team, and report progress to the Owner.

§ 3.1.2 The Architect shall coordinate its services with those services provided by the Owner and the Owner's consultants. The Architect shall be entitled to rely on, and is not required to verify and shall not be responsible for, the accuracy, completeness, and timeliness of, services and information furnished by the Owner and the Owner's consultants. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any error, omission, or inconsistency in such services or information.

§ 3.1.3 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services. The schedule initially shall include anticipated dates for the commencement of construction and for Substantial Completion of the Work as set forth in the Initial Information. The schedule shall include allowances for periods of time required for the Owner's review, for the performance of the Owner's consultants, and for approval of submissions by authorities having jurisdiction over the Project. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.4 The Architect shall not be responsible for an Owner's directives or substitutions which are made without the Architect's knowledge and approval, or for the Owner's acceptance of non-conforming Work, made or given without the Architect's written approval. If a change or substitution is proposed by the Owner or the Contractor, through value engineering or otherwise, and the Architect has an objection to such change or substitution, the Architect shall expressly object in writing to such proposed change or substitution, setting forth the specific basis of its objections to such proposed change or substitution. If the Owner then directs the Architect to incorporate such proposed change or substitution into the Contract Documents over the Architect's objection, the Owner agrees to accept these risks and the costs and consequences associated with them and shall defend and indemnify Architect from any such claims arising out of any unapproved directive of substitution.

§ 3.1.5 The Architect shall contact governmental authorities required to approve the Construction Documents and entities providing utility services to the Project. The Architect shall respond to applicable design requirements imposed by those authorities and entities.

§ 3.1.6 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

§ 3.2 Schematic Design Phase Services

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services.

§ 3.2.2 The Architect shall prepare a preliminary evaluation of the Owner's program, schedule, budget for the Cost of the Work, Project site, the proposed procurement and delivery method, and other Initial Information, each in terms of the other, to ascertain the requirements of the Project. The Architect shall notify the Owner of (1) any inconsistencies discovered in the information, and (2) other information or consulting services that may be reasonably needed for the Project.

§ 3.2.3 The Architect shall present its preliminary evaluation to the Owner and shall discuss with the Owner alternative approaches to design and construction of the Project, subject to Owner's budgetary restrictions. The Architect shall reach an understanding with the Owner regarding the requirements of the Project.

§ 3.2.4 Based on the Project requirements agreed upon with the Owner, the Architect shall prepare and present, for the Owner's approval, a preliminary design illustrating the scale and relationship of the Project components.

§ 3.2.5 Based on the Owner's approval of the preliminary design, the Architect shall prepare Schematic Design Documents for the Owner's approval. The Schematic Design Documents shall consist of drawings and other documents including a site plan, if appropriate, and preliminary building plans, sections and elevations; and may include some combination of study models, perspective sketches, or digital representations. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing.

§ 3.2.5.1 The Architect may consider sustainable design alternatives, such as material choices and building orientation, together with other considerations based on program and aesthetics, in developing a design that is consistent with the Owner's program, schedule and budget for the Cost of the Work. The Owner may obtain more advanced sustainable design services as a Supplemental Service under Section 4.1.1.

§ 3.2.5.2 The Architect may consider the value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics, in developing a design for the Project that is consistent with the Owner's program, schedule, and budget for the Cost of the Work.

§ 3.2.6 The Architect shall submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.7 The Architect shall submit the Schematic Design Documents to the Owner, and request the Owner's approval.

§ 3.3 Design Development Phase Services

§ 3.3.1 Based on the Owner's approval of the Schematic Design Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents for the Owner's approval. The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and other appropriate elements. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish, in general, their quality levels.

§ 3.3.2 The Architect shall update the estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.3.3 The Architect shall submit the Design Development Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, and request the Owner's approval.

§ 3.4 Construction Documents Phase Services

§ 3.4.1 Based on the Owner's approval of the Design Development Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Construction Documents for the Owner's approval. The Construction Documents shall illustrate and describe the further development of the approved Design Development Documents and shall consist of Drawings and Specifications setting forth in detail the quality levels and performance criteria of materials and systems and other requirements for the construction of the Work. The Owner and Architect acknowledge that, in order to perform the Work, the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.6.4.

§ 3.4.2 The Architect shall incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents.

§ 3.4.3 During the development of the Construction Documents, the Architect shall assist the Owner in the development and preparation of (1) procurement information that describes the time, place, and conditions of bidding, including bidding or proposal forms; (2) the form of agreement between the Owner and Contractor; and (3) the Conditions of the Contract for Construction (General, Supplementary and other Conditions). The Architect shall also

compile a project manual that includes the Conditions of the Contract for Construction and Specifications, and may include bidding requirements and sample forms.

§ 3.4.4 The Architect shall update the estimate for the Cost of the Work prepared in accordance with Section 6.3.

§ 3.4.5 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval.

§ 3.5 Procurement Phase Services

§ 3.5.1 General

The Architect shall assist the Owner in establishing a list of prospective contractors. Following the Owner's approval of the Construction Documents, the Architect shall assist the Owner in (1) obtaining either competitive bids or negotiated proposals; (2) confirming responsiveness of bids or proposals; (3) determining the successful bid or proposal, if any; and, (4) awarding and preparing contracts for construction.

§ 3.5.2 Competitive Bidding

§ 3.5.2.1 Bidding Documents shall consist of bidding requirements and proposed Contract Documents.

§ 3.5.2.2 The Architect shall assist the Owner in bidding the Project by:

- .1 facilitating the distribution of Bidding Documents to prospective bidders;
- .2 organizing and conducting a pre-bid conference for prospective bidders;
- .3 preparing responses to questions from prospective bidders and providing clarifications and interpretations of the Bidding Documents to the prospective bidders in the form of addenda; and,
- .4 organizing and conducting the opening of the bids, and subsequently documenting and distributing the bidding results, as directed by the Owner.

§ 3.5.2.3 If the Bidding Documents permit substitutions, upon the Owner's written authorization, the Architect shall, as an Additional Service, consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective bidders.

§ 3.5.3 Negotiated Proposals

§ 3.5.3.1 Proposal Documents shall consist of proposal requirements and proposed Contract Documents.

§ 3.5.3.2 The Architect shall assist the Owner in obtaining proposals by:

- .1 facilitating the distribution of Proposal Documents for distribution to prospective contractors and requesting their return upon completion of the negotiation process;
- .2 organizing and participating in selection interviews with prospective contractors;
- .3 preparing responses to questions from prospective contractors and providing clarifications and interpretations of the Proposal Documents to the prospective contractors in the form of addenda; and,
- .4 participating in negotiations with prospective contractors, and subsequently preparing a summary report of the negotiation results, as directed by the Owner.

§ 3.5.3.3 If the Proposal Documents permit substitutions, upon the Owner's written authorization, the Architect shall, as an Additional Service, consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective contractors.

§ 3.6 Construction Phase Services

§ 3.6.1 General

§ 3.6.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A201™–2017, General Conditions of the Contract for Construction. If the Owner and Contractor modify AIA Document A201–2017, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.6.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or

procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.6.1.3 Subject to Section 4.2 and except as provided in Section 3.6.6.5, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

§ 3.6.2 Evaluations of the Work

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work and the Architect shall not be a guarantor of the Contractor's performance. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.

§ 3.6.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any reasonable time limits and mutually agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and decisions of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith. The Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

§ 3.6.2.5 Unless the Owner and Contractor designate another person to serve as an Initial Decision Maker, as that term is defined in AIA Document A201-2017, the Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 Certificates for Payment to Contractor

§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.3.4 The term "certify" as used by the Architect shall mean to state or declare a professional opinion (in accordance with professional standards exercised by Architects in the State of Texas, of conditions known at the time such certification was made. The Architect's certification of certain information or conditions in no way relieves any other party from meeting requirements imposed by contract or other means, including commonly accepted industry standards.

§ 3.6.4 Submittals

§ 3.6.4.1 The Architect shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in the Architect's professional judgment, to permit adequate review.

§ 3.6.4.2 The Architect shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 3.6.6 Project Completion

§ 3.6.6.1 The Architect shall:

- .1 conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;
- .2 issue Certificates of Substantial Completion;
- .3 forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and received from the Contractor; and,
- .4 issue a final Certificate for Payment based upon a final inspection indicating that, to the best of the Architect's knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

§ 3.6.6.2 The Architect's inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

§ 3.6.6.3 When Substantial Completion has been achieved, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

§ 3.6.6.4 The Architect shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

§ 3.6.6.5 Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

ARTICLE 4 SUPPLEMENTAL AND ADDITIONAL SERVICES

§ 4.1 Supplemental Services

§ 4.1.1 The services listed below are not included in Basic Services but may be required for the Project. The Architect shall provide the listed Supplemental Services only if specifically designated in the table below as the Architect's responsibility, and the Owner shall compensate the Architect as provided in Section 11.2. Unless otherwise specifically addressed in this Agreement, if neither the Owner nor the Architect is designated, the parties agree that the listed Supplemental Service is not being provided for the Project.

(Designate the Architect's Supplemental Services and the Owner's Supplemental Services required for the Project by indicating whether the Architect or Owner shall be responsible for providing the identified Supplemental Service. Insert a description of the Supplemental Services in Section 4.1.2 below or attach the description of services as an exhibit to this Agreement.)

Supplemental Services	Responsibility <i>(Architect, Owner, or not provided)</i>
§ 4.1.1.1 Programming	Basic Services *
§ 4.1.1.2 Multiple preliminary designs	Basic Services *
§ 4.1.1.3 Measured drawings	Not provided
§ 4.1.1.4 Existing facilities surveys	Not provided
§ 4.1.1.5 Site evaluation and planning	Basic Services *
§ 4.1.1.6 Building Information Model management responsibilities	Basic Services *
§ 4.1.1.7 Development of Building Information Models for post construction use	Basic Services *

Supplemental Services	Responsibility (Architect, Owner, or not provided)
§ 4.1.1.8 Civil engineering	Basic Services *
§ 4.1.1.9 Landscape design	Basic Services *
§ 4.1.1.10 Architectural interior design	Basic Services *
§ 4.1.1.11 Value analysis	Not provided
§ 4.1.1.12 Detailed cost estimating beyond that required in Section 6.3	Not provided
§ 4.1.1.13 On-site project representation	Basic Services * - Full Time On-Site Representation is an Additional Service
§ 4.1.1.14 Conformed documents for construction	Basic Services *
§ 4.1.1.15 As-designed record drawings	Basic Services *
§ 4.1.1.16 As-constructed record drawings	Not provided
§ 4.1.1.17 Post-occupancy evaluation	Basic Services *
§ 4.1.1.18 Facility support services	Not provided
§ 4.1.1.19 Tenant-related services	Not provided
§ 4.1.1.20 Architect's coordination of the Owner's consultants	Refer to Article 5.8
§ 4.1.1.21 Telecommunications/data design	Consultant Included Basic Services *
§ 4.1.1.22 Security evaluation and planning	Consultant Included Basic Services *
§ 4.1.1.23 Commissioning	Not provided
§ 4.1.1.24 Sustainable Project Services pursuant to Section 4.1.3	Not provided
§ 4.1.1.25 Fast-track design services	Not provided
§ 4.1.1.26 Multiple bid packages	
§ 4.1.1.27 Historic preservation	Not provided
§ 4.1.1.28 Furniture, furnishings, and equipment design	Not provided
§ 4.1.1.29 Food Service Consultant	Consultant Included Basic Services *
(Row deleted)	
§ 4.1.1.30 Roofing and Waterproofing Consultant	Consultant Included Basic Services *
(Row deleted)	
§ 4.1.1.31 Surveys	Owner
§ 4.1.1.32 Geotechnical Services	Owner

*The term "Basic Services" has the same meaning as in Article 3. All Basic Services shall be provided at no additional cost to the Owner.

§ 4.1.2 Description of Supplemental Services

§ 4.1.2.1 A description of each Supplemental Service identified in Section 4.1.1 as the Architect's responsibility is provided below.

(Describe in detail the Architect's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit. The AIA publishes a number of Standard Form of Architect's Services documents that can be included as an exhibit to describe the Architect's Supplemental Services.)

Services are self-explanatory

§ 4.1.2.2 A description of each Supplemental Service identified in Section 4.1.1 as the Owner's responsibility is provided below.

(Describe in detail the Owner's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit.)

Services are self-explanatory

§ 4.1.3 If the Owner identified a Sustainable Objective in Article 1, the Architect shall provide, as a Supplemental Service, the Sustainability Services required in AIA Document E204™–2017, Sustainable Projects Exhibit, attached to this Agreement. The Owner shall compensate the Architect as provided in Section 11.2.

§ 4.2 Architect's Additional Services

The Architect may provide Additional Services after execution of this Agreement without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect's schedule.

§ 4.2.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following Additional Services until the Architect receives the Owner's written authorization:

- .1 Services necessitated by a change in the Initial Information, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of the Work, or procurement or delivery method;
- .2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;
- .3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;
- .4 Services necessitated by decisions of the Owner not rendered in a timely manner or any other failure of performance on the part of the Owner or the Owner's consultants or contractors;
- .5 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;
- .6 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;
- .7 Preparation for, and attendance at, a public presentation, meeting or hearing;
- .8 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Architect is party thereto;
- .9 Evaluation of the qualifications of entities providing bids or proposals;
- .10 Consultation concerning replacement of Work resulting from fire or other cause during construction; or,
- .11 Time spent as the Initial Decision Maker or assistance as the Initial Decision Maker, if other than the Architect.

§ 4.2.2 To avoid delay in the Construction Phase, the Architect shall provide the following Additional Services, notify the Owner with reasonable promptness, and explain the facts and circumstances giving rise to the need. If, upon receipt of the Architect's notice, the Owner determines that all or parts of the services are not required, the Owner shall give prompt written notice to the Architect of the Owner's determination. The Owner shall compensate the Architect for the services provided prior to the Architect's receipt of the Owner's notice.

- .1 Reviewing a Contractor's submittal out of sequence from the submittal schedule approved by the Architect;
- .2 Responding to the Contractor's requests for information that are not prepared in accordance with the Contract Documents or where such information is available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner-provided information, Contractor-prepared coordination drawings, or prior Project correspondence or documentation;
- .3 Preparing Change Orders and Construction Change Directives that require evaluation of Contractor's proposals and supporting data, or the preparation or revision of Instruments of Service;
- .4 Evaluating an extensive number of Claims as the Initial Decision Maker; or,

Init.

- .5 Evaluating substitutions proposed by the Owner or Contractor and making subsequent revisions to Instruments of Service resulting therefrom.

§ 4.2.3 The Architect shall provide Construction Phase Services exceeding the limits set forth below as Additional Services. When the limits below are reached, the Architect shall notify the Owner:

- .1 Four (4) reviews of each Shop Drawing, Product Data item, sample and similar submittals of the Contractor
- .2 Section deleted.
- .3 Four (4) inspections for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents
- .4 The Architect shall visit the site and observe the Work at appropriate stages of construction no less than weekly. The Architect shall report the results of all observations to the Owner in writing. Any and all observed deficiencies shall immediately be reported to the Owner and Contractor in writing.

(Paragraphs deleted)

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program, which shall set forth the Owner's objectives; schedule; constraints and criteria, including space requirements and relationships; flexibility; expandability; special equipment; systems; and site requirements.

§ 5.2 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services. Owner represents and acknowledges that Owner's Designated Representative is qualified to and shall carry out the duties and responsibilities of Owner's Designated Representative. The Owner's Designated Representative is authorized to act on the Owner's behalf with respect to the project and the Architect is entitled to rely on the decisions and instructions of the Owner's Designated Representative. The Owner's Designated Representative shall be reasonably available and present at scheduled meetings in order to provide information and decisions in a timely manner so as to not negatively impact the Architect's schedule and/or the construction schedule. In the event that the Owner's Designated Representative fails to carry out his/her duties and/or changes a previous decision or instruction and/or fails to inform the Architect of the decision in a timely manner and such failure causes the Architect to incur costs, including but not limited to redoing work, the Owner shall reimburse the Architect for all time spent on the rework on an hourly basis.

§ 5.4 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 5.5 The Owner shall furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground

corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.6 The Owner shall provide the Supplemental Services designated as the Owner's responsibility in Section 4.1.1.

§ 5.7 If the Owner identified a Sustainable Objective in Article 1, the Owner shall fulfill its responsibilities as required in AIA Document E204™–2017, Sustainable Projects Exhibit, attached to this Agreement.

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided. The Owner shall contract licensed professional consultants for design, construction documentation and other services related to the Project. The contracts between the Owner and the Owner's consultants shall require the consultants to coordinate their drawings and other instruments of service with those the Architect and to advise the Architect of any potential conflicts between such documents. The Architect shall have no responsibility for the components of the Project designed by the Owner's consultants. The Architect's review of the consultant's drawings and other work is solely for consistency with the Architect's design concept for the Project. The Architect shall be entitled to rely on the technical sufficiency and timely delivery of documents and services furnished by the Owner's consultants, as well as on the computations performed by those consultants in connection with such documents and services, and shall not be required to review or verify those computations or designs for compliance with Applicable Laws or Governing Authority(s) Requirements. The Owner shall require Owner-retained consultants to provide any information and support documentation that the Architect deems reasonably appropriate or necessary. The Architect shall not be liable, and the Owner, Owner's successors, Assigns and Agents waives all claims against the Architect, for damages sustained and losses and expenses incurred by the Owner resulting from any services performed by Owner-retained consultants.

§ 5.9 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.10 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.12 The Owner shall include the Architect in all communications with the Contractor that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect.

§ 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.15 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions the Architect could not reasonably anticipate, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3; otherwise the Architect's services for modifying the Construction Documents shall be without additional compensation. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

Init.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 The Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

§ 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

(Paragraphs deleted)

§ 8.1.4 No employee, officer, director, shareholder, or representative of the Architect or its Consultants shall be held liable in their individual capacity.

§ 8.1.5 **Indemnity for claims that arise from non-professional services.** Architect, to the fullest extent permitted by law, shall defend, indemnify and hold harmless the Owner, its officers, directors, and employees from and against claims, losses, damages, liabilities, including reasonable attorneys' fees, for bodily injury, sickness or death, and property damage or destruction to the extent resulting from the acts or omissions of Architect, anyone employed directly or indirectly by Architect or anyone for whose acts Architect may be liable. Nothing in this paragraph shall apply to indemnification for claims arising from professional services, which are addressed in article 8.1.6 of this Agreement.

§ 8.1.6 **Indemnity for claims that arise from professional services.** To the fullest extent permitted by law, Architect agrees to indemnify and hold the Owner, its officers, directors, shareholders and employees harmless from and against liabilities, damages and costs (including reasonable attorneys' fees) to the extent caused by the negligence of the Architect in performance of professional services. In no event shall the indemnification obligation extend beyond the

date when the institution of legal or equitable proceedings for professional negligence would be barred by an applicable statute of repose or statute of limitations. This indemnification expressly excludes the duty of Architect to defend the Owner, its officers, directors, shareholders and employees. However, the absence of the duty to defend shall not preclude Owner, its officers, directors, shareholders and employees from seeking its reasonable attorneys' fees as part of its damages where and to the extent such fees are caused by Architect's negligence. Nothing in this section shall apply to indemnification for claims arising from non-professional services which are addressed in article 8.1.5 of this Agreement.

§ 8.2 Mediation

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of notice, unless stayed for a longer period by agreement of the parties or court order. The Owner and the Architect further agree to include a similar mediation provision in all agreements with independent contractors and consultants retained for the Project and to require all independent contractors or consultants also to include a similar mediation provision in all agreements with subcontractors, subconsultants, suppliers or fabricators so retained, thereby providing for mediation and then litigation as the primary method for dispute resolution between the parties to those agreements.

§ 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

(Check the appropriate box.)

- ☐ Arbitration pursuant to Section 8.3 of this Agreement
- ☒ Litigation in a court of competent jurisdiction in San Patricio County.
- ☐ Other: *(Specify)*

If the Owner and Architect do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

IF THE PARTIES FAIL TO RESOLVE THE DISPUTE THROUGH NEGOTIATION IN ACCORDANCE WITH SECTION 8.2, AND LITIGATION IS COMMENCED, EACH PARTY EXPRESSLY AND KNOWINGLY WAIVES ANY RIGHT TO A JURY TRIAL IN SUCH PROCEEDING.

(Paragraphs deleted)

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the

Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause. Owner retains the continuing right to terminate this contract at the end of the each budget period, conditioned on Owner's best efforts to obtain and appropriate funds for payment of the contract.

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination, including the costs attributable to the Architect's termination of consultant agreements.

§ 9.7 In addition to any amounts paid under Section 9.6, if the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall pay to the Architect the following fees:

(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

.2 Licensing Fee if the Owner intends to continue using the Architect's Instruments of Service:

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction. However, for purposes herein, the term "Work" shall mean those project elements within the Architect's Scope of Services.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project

Init.

if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to the Architect by the Owner prior to the assignment.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site. However, if Architect becomes aware of the existence of hazardous materials at the site, Architect shall give written notice to Owner. It is acknowledged by both parties that Architect's scope of service does not include any services related to asbestos or hazardous or toxic materials. In the event Architect or any other party encounters asbestos or hazardous or toxic materials at the job-site, or should it become known in any way that such materials may be present at the job-site or in any adjacent areas that may affect the performance of Architect's service, Architect may, at his or her option and without liability for consequential or other damages, suspend performance of services on the project until the Owner retains appropriate specialist consultants or contractors to identify, abate and/or remove the asbestos, hazardous or toxic materials and warrant that the job-site is in full compliance with applicable laws and regulations. Architect shall give written notice to Owner of the discovery of hazardous materials before Architect suspends performance of services on the project. To the extent permitted by law, Owner agrees to indemnify, defend, and hold Architect harmless from all claims, expenses, and damage arising from or related to, hazardous materials including asbestos-containing materials that are or may be found to exist in the Project.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. Notwithstanding the aforementioned, confidential information provided in electronic format (e.g. e-mail) may be copied by a party as part of its normal back-up procedures, and as such, copies cannot be destroyed or returned. Each party agrees that it shall not access or utilize such copies following receipt of a request to return or destroy the confidential information or upon completion of the services. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8. Architect makes use of third-party or "cloud-based" services and software for the purpose of enhancing collaboration between stakeholders involved in the production, storage, review, and use of electronic data, including but not limited to images, text, model and drawing files, project communications, and other data used in the production and delivery of project information. Owner agrees and acknowledges that such does not violate any confidentiality obligations of Architect.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

§ 10.10 Owner and Architect understand, acknowledge, and agree that Architect shall be acting as an independent contractor at all times during the performance of this Agreement and no provision or obligation expressed or implied in this Agreement shall create an employment or agency relationship.

ARTICLE 11 COMPENSATION

§ 11.1 For the Architect's Basic Services described under Article 3, the Owner shall compensate the Architect as follows:

- .1 Stipulated Sum
(Insert amount)

N/A

- .2 Percentage Basis
(Insert percentage value)

To be determined on a project-by-project basis with Compensation for each Project or group of Projects documented by an Amendment as described in Section 1.1 of this Agreement. Basic Services compensation will be based on the following parameters:

The fee for Basic Services shall be Six Percent (6) % of the cost of Work for all new construction/facilities.

The fee for Basic Services shall be Seven Percent (7) % of the cost of Work for all additions and/or renovations to facilities.

- .3 Other
(Describe the method of compensation)

N/A

§ 11.2 For the Architect's Supplemental Services designated in Section 4.1.1 and for any Sustainability Services required pursuant to Section 4.1.3, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation. If necessary, list specific services to which particular methods of compensation apply.)

Pre-Bond Planning Services are included in the Architect's compensation for Basic Services provided the Architect is engaged by the District through an AIA G802 Amendment to provide Design Services and Construction Administration for the Bond projects which were subject to Pre-Bond Planning and which were approved by the voters.

§ 11.3 For Additional Services that may arise during the course of the Project, including those under Section 4.2, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation.)

Using the Fixed Rate Schedule described in Section 11.7

§ 11.4 Compensation for Supplemental and Additional Services of the Architect's consultants when not included in Section 11.2 or 11.3, shall be the amount invoiced to the Architect plus ten percent (10%), or as follows:

(Insert amount of, or basis for computing, Architect's consultants' compensation for Supplemental or Additional Services.)

§ 11.5 When compensation for Basic Services is based on a stipulated sum or a percentage basis, the proportion of compensation for each phase of services shall be as follows:

Schematic Design Phase	Fifteen	percent (	15	%)
Design Development Phase	Twenty	percent (	20	%)
Construction Documents Phase	Thirty	percent (	30	%)
Procurement Phase	Five	percent (	5	%)
Construction Phase	Thirty	percent (	30	%)
Total Basic Compensation	one hundred	percent (	100	%)

§ 11.6 When compensation identified in Section 11.1 is on a percentage basis, progress payments for each phase of Basic Services shall be calculated by multiplying the percentages identified in this Article by the Owner's most recent budget for the Cost of the Work. Compensation paid in previous progress payments shall not be adjusted based on subsequent updates to the Owner's budget for the Cost of the Work.

§ 11.6.1 When compensation is on a percentage basis and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions. The Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.

§ 11.7 The hourly billing rates for services of the Architect and the Architect's consultants are set forth below. The rates shall be adjusted in accordance with the Architect's and Architect's consultants' normal review practices. *(If applicable, attach an exhibit of hourly billing rates or insert them below.)*

§ 11.8 Compensation for Reimbursable Expenses

§ 11.8.1 Reimbursable Expenses are in addition to compensation for Basic, Supplemental, and Additional Services and include expenses incurred by the Architect and the Architect's consultants directly related to the Project, as follows:

- .1
- .3 Permitting and other fees required by authorities having jurisdiction over the Project;
- .4
- .7 Renderings, physical models, mock-ups, professional photography, and presentation materials requested by the Owner or required for the Project;
- .8
- .11 Registration fees and any other fees charged by the Certifying Authority or by other entities as necessary to achieve the Sustainable Objective; and,

§ 11.8.2 For Reimbursable Expenses the compensation shall be the expenses incurred by the Architect and the Architect's consultants ed.

§ 11.9 Architect's Insurance. If the types and limits of coverage required in Section 2.5 are in addition to the types and limits the Architect normally maintains, the Owner shall pay the Architect for the additional costs incurred by the Architect for the additional coverages as set forth below:

(Insert the additional coverages the Architect is required to obtain in order to satisfy the requirements set forth in Section 2.5, and for which the Owner shall reimburse the Architect.)

§ 11.10 Payments to the Architect

§ 11.10.1 Initial Payments

§ 11.10.1.1 An initial payment of Zero Dollars (\$ 0.00) shall be made upon execution of this Agreement and is the minimum payment under this Agreement. It shall be credited to the Owner's account in the final invoice.

§ 11.10.1.2 If a Sustainability Certification is part of the Sustainable Objective, an initial payment to the Architect of (\$) shall be made upon execution of this Agreement for registration fees and other fees payable to the Certifying Authority and necessary to achieve the Sustainability Certification. The Architect's payments to the Certifying Authority shall be credited to the Owner's account at the time the expense is incurred.

§ 11.10.2 Progress Payments

§ 11.10.2.1 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed. Payments are due and payable upon presentation of the Architect's invoice. Amounts unpaid sixty (60) days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Architect.

(Insert rate of monthly or annual interest agreed upon.)

10 % (Ten Percent) per annum, but in no event higher than the highest rate allowed by law.

§ 11.10.2.2 The Owner shall not withhold amounts from the Architect's compensation to impose a penalty or liquidated damages on the Architect, or to offset sums requested by or paid to contractors for the cost of changes in the Work, unless the Architect agrees or has been found liable for the amounts in a binding dispute resolution proceeding.

§ 11.10.2.3 Records of Reimbursable Expenses, expenses pertaining to Supplemental and Additional Services, and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times.

ARTICLE 12 SPECIAL TERMS AND CONDITIONS

Special terms and conditions that modify this Agreement are as follows:

(Include other terms and conditions applicable to this Agreement.)

Architect agrees to comply with Texas Education Code § 22.08341, including the obligation to obtain all criminal history record information for Architect's employees and agents through the criminal history clearinghouse as provided by section 411.0845 of the Texas Government Code.

§ 12.1 WARRANTIES

Any language, term, or condition of this Agreement to the contrary notwithstanding, THE ARCHITECT MAKES NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE, REGARDING THE ARCHITECT'S SERVICES, WHICH WARRANTIES ARE EXPRESSLY DISCLAIMED.

§ 12.2 RESPONSIBILITY FOR PRODUCT SUITABILITY

Any language, term or condition of this Agreement to the contrary notwithstanding, with regard to new equipment, materials, and products (herein called products) required by the Architect's construction documents, it is understood the Architect is relying on stated and implied representations made by manufacturers, suppliers and installers of such products as being suitably fit for their intended purposes. The Architect is not responsible for the product's failure to perform consistent with those representations.

§ 12.3 NO FIDUCIARY RESPONSIBILITY OF THE ARCHITECT TO THE OWNER

The provisions of this agreement constitute the complete responsibilities and define the relationship of the Owner and Architect; moreover, nothing herein establishes a fiduciary responsibility of the Architect to the Owner.

§ 12.4 RESPONSIBILITY FOR CONSTRUCTION COST

Init.

For projects on which a General Contractor or Construction Manager is responsible to furnish pricing during the design and subsequent phases of the project, the Architect shall have the right to rely on cost information furnished by the General Contractor or Construction Manager. The Architect shall assist the Owner in the Owner's review of the Contractor's or Construction Manager's pricing, but does not accept responsibility for the accuracy of the Contractor's or Construction Manager's estimates or other pricing work in so doing. The Architect shall not re-design or provide other services required of the Architect in the event of the Contractor's or Construction Manager's failure to provide such pricing in a timely or accurate manner, unless the Architect is compensated by the Owner for the additional services rendered.

§ 12.5 DESIGN CONTINGENCY

The Owner's overall budget for the Project, which includes the Owner's budget for the Cost of the Work, as defined in Section 6.1, includes a design related contingency of at least one percent (1 %) of the Cost of the Work. This contingency shall be in addition to the Contract Sum or Guaranteed Maximum Price agreed to by the Owner in the Contract Documents and other contingencies, if any, carried by the Owner in the Owner's overall budget for the Project for changes in market conditions at the time of bidding, for changes in the Work, or otherwise. This contingency also is separate and apart from the Contractor's contingency. This design related contingency recognizes that modifications to the Architect's and its Consultant's instruments of service may be required due to a variety of reasons. These reasons include, but are not limited to: (i) normal clarifications, corrections or revisions to the instruments of service; (ii) changes in the design, and (iii) modifications to the instruments of service to address coordination issues or due to errors or omissions in or incompleteness of the instruments of service, whether or not such errors, omissions or incompleteness may be due, in whole or in part, to fault of the Architect.

§ 12.6 OMITTED PROJECT COMPONENT

If a component of the Project is omitted from the Contract Documents due to the negligence of the Architect, Architect will not be liable to the Owner to the extent of any betterment or value added to the Project. Specifically, the Owner will be responsible for the amount it would have paid for the component if it had been included in the Contract Documents. Further, if it is necessary to replace a component of the Project due to the negligence of the Architect, it will not be liable to the Owner for any enhancement or upgrade of the component beyond what was originally included in the Contract Documents. In addition, if the component has an identifiable useful life that is less than the building itself, the damages of the Owner shall be reduced to the extent that the useful life of the component will be extended by the replacement thereof.

§ 12.7 RECORD DRAWING DISCLAIMER

To the extent that the Architect's scope includes preparation of record Drawings, Owner acknowledges and agrees that Architect and its Consultants are relying on the information provided by the Contractor and assumes that the information contained in the as-built drawings provided by the Contractor is accurate and correct. Neither Architect, nor any of its consultants or their employees, makes any warranty, expressed or implied, or assumes any legal liability or responsibility for the accuracy, reliability, completeness and/or usefulness of any information contained in the Contractor's as-built drawings. Architect and Architect's consultants disclaim any responsibility and/or liability for errors contained in the Record Drawings to the extent such error is caused by incorrect information provided by the Contractor.

§ 12.9 BASIS OF THE BARGAIN: FAILURE OF ESSENTIAL PURPOSE

The Owner and Architect agree that the limitations and exclusions of liability and disclaimers specified herein represent the parties' agreement as to the allocation of risk between the parties in connection with Architect's obligations under this Agreement, and that such limitations, exclusions, and disclaimers will survive and apply even if found to have failed of their essential purpose. The parties acknowledge that Architect has set its prices and entered into this Agreement in reliance upon the limitations of liability and the disclaimers of warranties and damages set forth herein, and that same form an essential basis of the bargain between the parties.

§ 12.10 COPYRIGHT INDEMNITY

Owner warrants to Architect that it is the owner of all material, methods, systems or other information that it provides Architect in connection with this Agreement. Owner shall defend, indemnify, and hold harmless Architect, its agents, employees, affiliates, and representatives from all suits or claims of infringement of any intellectual property rights

arising out of any material, methods, systems or other information provided by Owner to the Architect, and Owner shall be liable for all loss sustained by the Architect, including all damages, costs, and expenses of whatsoever kind or character, including, but not limited to, attorney's fees and expenses incurred by Architect, its agents, employees, affiliates, and representatives. Owner shall require this same indemnity from the Contractor/Construction Manager to the Architect, its agents, employees, affiliates, and representatives in the Contract for Construction between Owner and Contractor/Construction Manager.

§ 12.14 MARKETING

Owner gives Corgan Associates, Inc.'s communications representatives permission to externally promote and market the architectural design and/or services provided by the firm to media outlets, industry organizations and other external target audiences on a national and global scale. Corgan Associates, Inc.'s PR department shall coordinate efforts with the Owner before commencing with communications strategies.

§ 12.15 TAX COMPLIANCE

To assist in Corgan Associates, Inc.'s tax compliance, upon final acceptance, the Contracting Officer or an Authorized Representative of the Owner of the building agrees to execute any documents related to Section 179D of the Internal Revenue Code. Corgan Associates, Inc. will be responsible for preparing these documents, all accompanying documentation and the contents therein. Corgan Associates, Inc. will be designated the sole Section 179D beneficiary.

§ 12.16 FORCE MAJEURE

In the event that either party is prevented from performing or is unable to perform any of its obligations under this Agreement (other than a payment obligation) due to any act of God, acts or decrees of governmental or military bodies, fire, casualty, flood, earthquake, war, strike, lockout, pandemic or epidemic, destruction of facilities, riot, insurrection, or any other events or circumstances not within the reasonable control of the party affected, whether similar or dissimilar to any of the foregoing (collectively, a "Force Majeure"), and if such party shall have used its commercially reasonable efforts to mitigate its effects, such party shall give prompt written notice to the other party, its performance shall be excused, and the time for the performance shall be extended for the period of delay or inability to perform due to such occurrences.

§ 12.17 ISRAEL ANTI-BOYCOTT

Architect hereby verifies that it (1) does not boycott Israel; and (2) that it will not boycott Israel during the term of this contract.

§ 12.18 STATEMENT OF JURISDICTION

The Texas Board of Architectural Examiners has jurisdiction over complaints regarding the professional practices of persons registered as architects or interior designers in Texas. The Board may be contacted: P.O. Box 12337, Austin, Texas 78711-2337 or 333 Guadalupe, Suite 2-350, Austin, Texas 78701-3942, Phone: 512-305-9000; or www.tbae.state.tx.us.

ARTICLE 13 SCOPE OF THE AGREEMENT

§ 13.1 This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both the Owner and Architect.

§ 13.2 This Agreement is comprised of the following documents identified below:

.1 AIA Document B101™-2017, Standard Form Agreement Between Owner and Architect

- .4 Other documents:
(List other documents, if any, forming part of the Agreement.)

AIA G802 Amendment to the Professional Services Agreement

This Agreement entered into as of the day and year first written above.

OWNER (Signature)

M. Chad Jones, Superintendent
(Printed name and title)

ARCHITECT (Signature)

Sylvia Cancino, Associate Principal, TX 19685
(Printed name, title, and license number, if required)

§ 2.5.1 Commercial General Liability with policy limits of not less than Two Million (\$ 2,000,000) for each occurrence and Four Million (\$ 4,000,000) in the aggregate for bodily injury and property damage.

§ 2.5.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Architect with policy limits of not less than One Million (\$ 1,000,000) per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

...

§ 2.5.4 Workers' Compensation at ~~statutory limits~~ One Million (\$1,000,000) (statutory limits).

§ 2.5.5 Employers' Liability with policy limits not less than One Million (\$ 1,000,000) each accident, One Million (\$ 1,000,000) each employee, and One Million (\$ 1,000,000) policy limit.

§ 2.5.6 Professional Liability covering negligent acts, errors and omissions in the performance of professional services with policy limits of not less than (\$ —) per claim and (\$ —) in the aggregate ~~Five Million (\$ 5,000,000) per claim and Seven Million (\$ 7,000,000) in the aggregate with a Two Hundred Thousand (\$200,000) deductible.~~

PAGE 7

§ 3.1.2 The Architect shall coordinate its services with those services provided by the Owner and the Owner's consultants. The Architect shall be entitled to rely on, and ~~is not required to verify and~~ shall not be responsible for, the accuracy, completeness, and timeliness of, services and information furnished by the Owner and the Owner's consultants. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any error, omission, or inconsistency in such services or information.

...

§ 3.1.4 The Architect shall not be responsible for an Owner's ~~directive or substitution~~, directives or substitutions which are made without the Architect's knowledge and approval, or for the Owner's acceptance of non-conforming Work, made or given without the Architect's written approval. If a change or substitution is proposed by the Owner or the Contractor, through value engineering or otherwise, and the Architect has an objection to such change or substitution, the Architect shall expressly object in writing to such proposed change or substitution, setting forth the specific basis of its objections to such proposed change or substitution. If the Owner then directs the Architect to incorporate such proposed change or substitution into the Contract Documents over the Architect's objection, the Owner agrees to accept these risks and the costs and consequences associated with them and shall defend and indemnify Architect from any such claims arising out of any unapproved directive of substitution.

...

§ 3.2.3 The Architect shall present its preliminary evaluation to the Owner and shall discuss with the Owner alternative approaches to design and construction of the ~~Project~~. Project, subject to Owner's budgetary restrictions The Architect shall reach an understanding with the Owner regarding the requirements of the Project.

PAGE 8

§ 3.2.5.1 The Architect ~~shall~~may consider sustainable design alternatives, such as material choices and building orientation, together with other considerations based on program and aesthetics, in developing a design that is consistent with the Owner's program, schedule and budget for the Cost of the Work. The Owner may obtain more advanced sustainable design services as a Supplemental Service under Section 4.1.1.

§ 3.2.5.2 The Architect ~~shall~~may consider the value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics, in developing a design for the Project that is consistent with the Owner's program, schedule, and budget for the Cost of the Work.

PAGE 10

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the ~~Work~~. Work and the Architect shall not be a guarantor of the Contractor's performance. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.

...

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any reasonable time limits and mutually agreed upon or otherwise with reasonable promptness.

PAGE 11

§ 3.6.3.4 The term "certify" as used by the Architect shall mean to state or declare a professional opinion (in accordance with professional standards exercised by Architects in the State of Texas, of conditions known at the time such certification was made. The Architect's certification of certain information or conditions in no way relieves any other party from meeting requirements imposed by contract or other means, including commonly accepted industry standards.

- .11 ~~Assistance to~~ Time spent as the Initial Decision Maker or assistance as the Initial Decision Maker, if other than the Architect.

PAGE 15

- .1 ~~(—) Four~~ 4) reviews of each Shop Drawing, Product Data item, sample and similar submittals of the Contractor
- .2 ~~(—) visits to the site by the Architect during construction~~ Section deleted.
- .3 ~~(—) Four (4) inspections for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents~~
- .4 ~~(—) inspections for any portion of the Work to determine final completion.~~ The Architect shall visit the site and observe the Work at appropriate stages of construction no less than weekly. The Architect shall report the results of all observations to the Owner in writing. Any and all observed deficiencies shall immediately be reported to the Owner and Contractor in writing.

~~§ 4.2.4 Except for services required under Section 3.6.6.5 and those services that do not exceed the limits set forth in Section 4.2.3, Construction Phase Services provided more than 60 days after (1) the date of Substantial Completion of the Work or (2) the initial date of Substantial Completion identified in the agreement between the Owner and Contractor, whichever is earlier, shall be compensated as Additional Services to the extent the Architect incurs additional cost in providing those Construction Phase Services.~~

~~§ 4.2.5 If the services covered by this Agreement have not been completed within () months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.~~

...

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services. Owner represents and acknowledges that Owner's Designated Representative is qualified to and shall carry out the duties and responsibilities of Owner's Designated Representative. The Owner's Designated Representative is authorized to act on the Owner's behalf with respect to the project and the Architect is entitled to rely on the decisions and instructions of the Owner's Designated Representative. The Owner's Designated Representative shall be reasonably available and present at scheduled meetings in order to provide information and decisions in a timely manner so as to not negatively impact the Architect's schedule and/or the construction schedule. In the event that the Owner's Designated Representative fails to carry out his/her duties and/or changes a previous decision or instruction and/or fails to inform the Architect of the decision in a timely manner and such failure causes the Architect to incur costs, including but not limited to redoing work, the Owner shall reimburse the Architect for all time spent on the rework on an hourly basis.

PAGE 16

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided. The Owner shall contract licensed professional consultants for design, construction documentation and other services related to the Project. The contracts between the Owner and the Owner's consultants shall require the consultants to coordinate their drawings and other instruments of service with those the Architect and to advise the Architect of any potential conflicts between such documents. The Architect shall have no responsibility for the components of the Project designed by the Owner's consultants. The Architect's review of the consultant's drawings and other work is solely for consistency with the Architect's design concept for the Project. The Architect shall be entitled to rely on the technical sufficiency and timely delivery of documents and services furnished by the Owner's consultants, as well as on the computations performed by those consultants in connection with such documents and services, and shall not be required to review or verify those computations or designs for compliance with Applicable Laws or Governing Authority(s) Requirements. The Owner shall require Owner-retained consultants to provide any information and support documentation that the Architect deems reasonably appropriate or necessary. The Architect shall not be liable, and the Owner, Owner's successors, Assigns and Agents waives all claims against the Architect, for damages sustained and losses and expenses incurred by the Owner resulting from any services performed by Owner-retained consultants.

PAGE 18

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the

Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

...

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law, ~~but in any case not more than 10 years after the date of Substantial Completion of the Work, law.~~ The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201-2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.1.4 No employee, officer, director, shareholder, or representative of the Architect or its Consultants shall be held liable in their individual capacity.

§ 8.1.5 Indemnity for claims that arise from non-professional services. Architect, to the fullest extent permitted by law, shall defend, indemnify and hold harmless the Owner, its officers, directors, and employees from and against claims, losses, damages, liabilities, including reasonable attorneys' fees, for bodily injury, sickness or death, and property damage or destruction to the extent resulting from the acts or omissions of Architect, anyone employed directly or indirectly by Architect or anyone for whose acts Architect may be liable. Nothing in this paragraph shall apply to indemnification for claims arising from professional services, which are addressed in article 8.1.6 of this Agreement.

§ 8.1.6 Indemnity for claims that arise from professional services. To the fullest extent permitted by law, Architect agrees to indemnify and hold the Owner, its officers, directors, shareholders and employees harmless from and against liabilities, damages and costs (including reasonable attorneys' fees) to the extent caused by the negligence of the Architect in performance of professional services. In no event shall the indemnification obligation extend beyond the date when the institution of legal or equitable proceedings for professional negligence would be barred by an applicable statute of repose or statute of limitations. This indemnification expressly excludes the duty of Architect to defend the Owner, its officers, directors, shareholders and employees. However, the absence of the duty to defend shall not preclude Owner, its officers, directors, shareholders and employees from seeking its reasonable attorneys' fees as part of its damages where and to the extent such fees are caused by Architect's negligence. Nothing in this section shall apply to indemnification for claims arising from non-professional services which are addressed in article 8.1.5 of this Agreement.

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by ~~mediation or by binding dispute resolution.~~ mediation.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation, which, ~~unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Agreement.~~ mediation. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, notice, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the

~~selection of the arbitrator(s) and agree upon a schedule for later proceedings. The Owner and the Architect further agree to include a similar mediation provision in all agreements with independent contractors and consultants retained for the Project and to require all independent contractors or consultants also to include a similar mediation provision in all agreements with subcontractors, subconsultants, suppliers or fabricators so retained, thereby providing for mediation and then litigation as the primary method for dispute resolution between the parties to those agreements.~~

PAGE 19

[X] Litigation in a court of competent jurisdiction in San Patricio County.

...

If the Owner and Architect do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

IF THE PARTIES FAIL TO RESOLVE THE DISPUTE THROUGH NEGOTIATION IN ACCORDANCE WITH SECTION 8.2, AND LITIGATION IS COMMENCED, EACH PARTY EXPRESSLY AND KNOWINGLY WAIVES ANY RIGHT TO A JURY TRIAL IN SUCH PROCEEDING.

~~§ 8.3 Arbitration~~

~~§ 8.3.1 If the parties have selected arbitration as the method for binding dispute resolution in this Agreement, any claim, dispute or other matter in question arising out of or related to this Agreement subject to, but not resolved by, mediation shall be subject to arbitration, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of this Agreement. A demand for arbitration shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the arbitration.~~

~~§ 8.3.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.~~

~~§ 8.3.2 The foregoing agreement to arbitrate, and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement, shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.~~

~~§ 8.3.3 The award rendered by the arbitrator(s) shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.~~

~~§ 8.3.4 Consolidation or Joinder~~

~~§ 8.3.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).~~

~~§ 8.3.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.~~

~~§ 8.3.4.3 The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.~~

~~§ 8.4 The provisions of this Article 8 shall survive the termination of this Agreement.~~

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause. Owner retains the continuing right to terminate this contract at the end of the each budget period, conditioned on Owner's best efforts to obtain and appropriate funds for payment of the contract.

...

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, ~~excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.~~ located.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction. However, for purposes herein, the term "Work" shall mean those project elements within the Architect's Scope of Services.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site. However, if Architect becomes aware of the existence of hazardous materials at the site, Architect shall give written notice to Owner. It is acknowledged by both parties that Architect's scope of service does not include any services related to asbestos or hazardous or toxic materials. In the event Architect or any other party encounters asbestos or hazardous or toxic materials at the job-site, or should it become known in any way that such materials may be present at the job-site or in any adjacent areas that may affect the performance of Architect's service, Architect may, at his or her option and without liability for consequential or other damages, suspend performance of services on the project until the Owner retains appropriate specialist consultants or contractors to identify, abate and/or remove the asbestos, hazardous or toxic materials and warrant that the job-site is in full compliance with applicable laws and regulations. Architect shall give written notice to Owner of the discovery of hazardous materials before Architect suspends performance of services on the project. To the extent permitted by law, Owner agrees to indemnify, defend, and hold Architect harmless from all claims, expenses, and damage arising from or related to, hazardous materials including asbestos-containing materials that are or may be found to exist in the Project.

...

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. Notwithstanding the aforementioned, confidential information provided in electronic format (e.g. e-mail) may be copied by a party as part of its normal back-up procedures, and as such, copies cannot be destroyed or returned. Each party agrees that it shall not access or utilize such copies following receipt of a request to return or destroy the confidential information or upon completion of the services. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8. Architect makes use of third-party or "cloud-based" services and software for the purpose of enhancing collaboration between stakeholders involved in the production, storage, review, and use of electronic data, including but not limited to images, text, model and drawing files, project communications, and other data used in the production and delivery of project information. Owner agrees and acknowledges that such does not violate any confidentiality obligations of Architect.

§ 10.10 Owner and Architect understand, acknowledge, and agree that Architect shall be acting as an independent contractor at all times during the performance of this Agreement and no provision or obligation expressed or implied in this Agreement shall create an employment or agency relationship.

...

() % of the Owner's budget for the Cost of the Work, as calculated in accordance with Section 11.6. To be determined on a project-by-project basis with Compensation for each Project or group of Projects documented by an Amendment as described in Section 1.1 of this Agreement. Basic Services compensation will be based on the following parameters:

The fee for Basic Services shall be Six Percent (6) % of the cost of Work for all new construction/facilities.

The fee for Basic Services shall be Seven Percent (7) % of the cost of Work for all additions and/or renovations to facilities.

...

N/A

...

Pre-Bond Planning Services are included in the Architect's compensation for Basic Services provided the Architect is engaged by the District through an AIA G802 Amendment to provide Design Services and Construction Administration for the Bond projects which were subject to Pre-Bond Planning and which were approved by the voters.

...

Using the Fixed Rate Schedule described in Section 11.7

§ 11.4 Compensation for Supplemental and Additional Services of the Architect's consultants when not included in Section 11.2 or 11.3, shall be the amount invoiced to the Architect plus percent (~~—~~ %), ten percent (10%), or as follows:

Architect agrees to comply with Texas Education Code § 22.08341, including the obligation to obtain all criminal history record information for Architect's employees and agents through the criminal history clearinghouse as provided by section 411.0845 of the Texas Government Code.

§ 12.1 WARRANTIES

Any language, term, or condition of this Agreement to the contrary notwithstanding, THE ARCHITECT MAKES NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE, REGARDING THE ARCHITECT'S SERVICES, WHICH WARRANTIES ARE EXPRESSLY DISCLAIMED.

§ 12.2 RESPONSIBILITY FOR PRODUCT SUITABILITY

Any language, term or condition of this Agreement to the contrary notwithstanding, with regard to new equipment, materials, and products (herein called products) required by the Architect's construction documents, it is understood the Architect is relying on stated and implied representations made by manufacturers, suppliers and installers of such products as being suitably fit for their intended purposes. The Architect is not responsible for the product's failure to perform consistent with those representations.

§ 12.3 NO FIDUCIARY RESPONSIBILITY OF THE ARCHITECT TO THE OWNER

The provisions of this agreement constitute the complete responsibilities and define the relationship of the Owner and Architect; moreover, nothing herein establishes a fiduciary responsibility of the Architect to the Owner.

§ 12.4 RESPONSIBILITY FOR CONSTRUCTION COST

User Notes:

(1849905018)

For projects on which a General Contractor or Construction Manager is responsible to furnish pricing during the design and subsequent phases of the project, the Architect shall have the right to rely on cost information furnished by the General Contractor or Construction Manager. The Architect shall assist the Owner in the Owner's review of the Contractor's or Construction Manager's pricing, but does not accept responsibility for the accuracy of the Contractor's or Construction Manager's estimates or other pricing work in so doing. The Architect shall not re-design or provide other services required of the Architect in the event of the Contractor's or Construction Manager's failure to provide such pricing in a timely or accurate manner, unless the Architect is compensated by the Owner for the additional services rendered.

§ 12.5 DESIGN CONTINGENCY

The Owner's overall budget for the Project, which includes the Owner's budget for the Cost of the Work, as defined in Section 6.1, includes a design related contingency of at least one percent (1 %) of the Cost of the Work. This contingency shall be in addition to the Contract Sum or Guaranteed Maximum Price agreed to by the Owner in the Contract Documents and other contingencies, if any, carried by the Owner in the Owner's overall budget for the Project for changes in market conditions at the time of bidding, for changes in the Work, or otherwise. This contingency also is separate and apart from the Contractor's contingency. This design related contingency recognizes that modifications to the Architect's and its Consultant's instruments of service may be required due to a variety of reasons. These reasons include, but are not limited to: (i) normal clarifications, corrections or revisions to the instruments of service; (ii) changes in the design, and (iii) modifications to the instruments of service to address coordination issues or due to errors or omissions in or incompleteness of the instruments of service, whether or not such errors, omissions or incompleteness may be due, in whole or in part, to fault of the Architect.

§ 12.6 OMITTED PROJECT COMPONENT

If a component of the Project is omitted from the Contract Documents due to the negligence of the Architect, Architect will not be liable to the Owner to the extent of any betterment or value added to the Project. Specifically, the Owner will be responsible for the amount it would have paid for the component if it had been included in the Contract Documents. Further, if it is necessary to replace a component of the Project due to the negligence of the Architect, it will not be liable to the Owner for any enhancement or upgrade of the component beyond what was originally included in the Contract Documents. In addition, if the component has an identifiable useful life that is less than the building itself, the damages of the Owner shall be reduced to the extent that the useful life of the component will be extended by the replacement thereof.

§ 12.7 RECORD DRAWING DISCLAIMER

To the extent that the Architect's scope includes preparation of record Drawings, Owner acknowledges and agrees that Architect and its Consultants are relying on the information provided by the Contractor and assumes that the information contained in the as-built drawings provided by the Contractor is accurate and correct. Neither Architect, nor any of its consultants or their employees, makes any warranty, expressed or implied, or assumes any legal liability or responsibility for the accuracy, reliability, completeness and/or usefulness of any information contained in the Contractor's as-built drawings. Architect and Architect's consultants disclaim any responsibility and/or liability for errors contained in the Record Drawings to the extent such error is caused by incorrect information provided by the Contractor.

§ 12.9 BASIS OF THE BARGAIN: FAILURE OF ESSENTIAL PURPOSE

The Owner and Architect agree that the limitations and exclusions of liability and disclaimers specified herein represent the parties' agreement as to the allocation of risk between the parties in connection with Architect's obligations under this Agreement, and that such limitations, exclusions, and disclaimers will survive and apply even if found to have failed of their essential purpose. The parties acknowledge that Architect has set its prices and entered into this Agreement in reliance upon the limitations of liability and the disclaimers of warranties and damages set forth herein, and that same form an essential basis of the bargain between the parties.

§ 12.10 COPYRIGHT INDEMNITY

Owner warrants to Architect that it is the owner of all material, methods, systems or other information that it provides Architect in connection with this Agreement. Owner shall defend, indemnify, and hold harmless Architect, its agents, employees, affiliates, and representatives from all suits or claims of infringement of any intellectual property rights arising out of any material, methods, systems or other information provided by Owner to the Architect, and Owner

shall be liable for all loss sustained by the Architect, including all damages, costs, and expenses of whatsoever kind or character, including, but not limited to, attorney's fees and expenses incurred by Architect, its agents, employees, affiliates, and representatives. Owner shall require this same indemnity from the Contractor/Construction Manager to the Architect, its agents, employees, affiliates, and representatives in the Contract for Construction between Owner and Contractor/Construction Manager.

§ 12.14 MARKETING

Owner gives Corgan Associates, Inc.'s communications representatives permission to externally promote and market the architectural design and/or services provided by the firm to media outlets, industry organizations and other external target audiences on a national and global scale. Corgan Associates, Inc.'s PR department shall coordinate efforts with the Owner before commencing with communications strategies.

§ 12.15 TAX COMPLIANCE

To assist in Corgan Associates, Inc.'s tax compliance, upon final acceptance, the Contracting Officer or an Authorized Representative of the Owner of the building agrees to execute any documents related to Section 179D of the Internal Revenue Code. Corgan Associates, Inc. will be responsible for preparing these documents, all accompanying documentation and the contents therein. Corgan Associates, Inc. will be designated the sole Section 179D beneficiary.

§ 12.16 FORCE MAJEURE

In the event that either party is prevented from performing or is unable to perform any of its obligations under this Agreement (other than a payment obligation) due to any act of God, acts or decrees of governmental or military bodies, fire, casualty, flood, earthquake, war, strike, lockout, pandemic or epidemic, destruction of facilities, riot, insurrection, or any other events or circumstances not within the reasonable control of the party affected, whether similar or dissimilar to any of the foregoing (collectively, a "Force Majeure"), and if such party shall have used its commercially reasonable efforts to mitigate its effects, such party shall give prompt written notice to the other party, its performance shall be excused, and the time for the performance shall be extended for the period of delay or inability to perform due to such occurrences.

§ 12.17 ISRAEL ANTI-BOYCOTT

Architect hereby verifies that it (1) does not boycott Israel; and (2) that it will not boycott Israel during the term of this contract.

§ 12.18 STATEMENT OF JURISDICTION

The Texas Board of Architectural Examiners has jurisdiction over complaints regarding the professional practices of persons registered as architects or interior designers in Texas. The Board may be contacted: P.O. Box 12337, Austin, Texas 78711-2337 or 333 Guadalupe, Suite 2-350, Austin, Texas 78701-3942, Phone: 512-305-9000; or www.tbac.state.tx.us.
